**EGGLESTONWORKS ANNOUNCES PLANS FOR
CES 2015, LAS VEGAS, NEVADA, USA**

Memphis, TN, USA – December 8, 2014 – **EgglestonWorks** announces today its plans for the 2015 Consumer Electronics Show, January 6 – 9 in Las Vegas, USA. **EgglestonWorks** will have several models on display over *three* rooms at the Venetian Hotel: The room numbers are: **Suite 30-231, Suite 29-126, and Suite 29-227.**

The **EgglestonWorks** line currently consists models ranging in price from \$3250.00 to \$135,000.00. The extensive line will be represented at CES by current production models, **The Andra III** (\$24,900/Pair USD), The **Nine Signature** (\$18,900.00/Pair USD), The **Rosa Signature** (\$13,900.00/Pair USD), The **Fontaine Signature** (\$8,500.00/Pair USD), The **Isabel Signature** (\$6,500.00/Pair USD), The **NEW Nico** bookshelf (3,250.00/Pair USD), and The **NEW Emma** (\$3,950.00/Pair USD).

Suite 30-231 will feature the **EgglestonWorks Andra III** and **Nico** speakers on live demonstration. This room will feature amplification from VTL as well as a front end from Bricasti Design. All cabling in this room will be from Hemingway Audio.

Suite 29-126 will feature the **EgglestonWorks Nico** speakers on live demonstration. The system driving the Nico's will feature the EHF-100 amplification from Rogers High Fidelity and Kimber Cables.

Suite 29-227 will feature the **EgglestonWorks Nine Signature** on live demonstration. Amplification and all front end equipment in this room will be supplied by SOTM Audio.

“This will be an ambitious and busy show for us,” says EgglestonWorks president Jim Thompson. “We are looking forward to showing our speakers on a variety of equipment.” “This CES will give attendees the opportunity to hear EgglestonWorks on three completely different systems,” he said. “Our aim is to showcase the flexibility of our speakers with different kinds of gear, while exposing us to a wider audience.”

As usual if a private audition is desired, the company asks that you contact them via email at jim@egglestonworks.com.
